

JARA DEL CURA

Computer Engineering Student
at Temple University

+34 698 91 53 90

jara.del.cura@temple.edu

2008 N Broad St., Philadelphia, 19121

TECHNICAL SKILLS

- Proficient in C and MATLAB
- Basic knowledge of HTML
- Advanced skills in Excel, including functions and data analysis

CORE SKILLS

- Disciplined, organized, and highly adaptable
- Strong leadership, teamwork, and time management skills
- Curious and committed to continuous learning and cultural exchange

LANGUAGES

Spanish – Native

English – Advanced

French – Elementary

About Me

Second-year Division I student-athlete at Temple University, pursuing a B.S. in Electrical and Computer Engineering with a concentration in Computer Engineering and a minor in Mathematics. Strong academic record with a passion for innovation. Skilled in programming, mathematics, and problem-solving.

EDUCATION

Aug 2025 – present

Undergraduate student – Computer Engineering

- 4.0 GPA
- Div I student-athlete – Fencing
- Fall 2024 & Spring 2025 Dean's List
- Strong foundation in programming, mathematics, and engineering tools
- Selected as teaching assistant for Intro to Engineering courses at Temple University (Fall 2025)

2022–2024

Science & Technology High School Diploma
(Technological Baccalaureate)

- Graduated with Highest Honors (top overall academic recognition – “Matrícula de Honor”)
- Completed a year-long school monograph on physiological pH alterations based on data from real subjects
- Collected, organized, and analyzed findings using Excel; developed conclusions through self-guided research
- Demonstrated initiative, scientific curiosity, and data analysis skills
